Microsoft Discovery Workshop

A comprehensive workshop review of your Microsoft Office 365 and EM+S environment

We learnt more in a morning than we learnt in the last two years.

Head of Risk & Compliance,
Leading UK Pensions Group

Although many businesses are subscribing to one or more Microsoft plans, **many are not fully utilising their investment.**

A professional Discovery Workshop review with a qualified Microsoft Consultant is the first place to start to establish where your business is.

We will work with you on a one-to-one basis, to **understand in detail which applications and features**, within **which Microsoft plans** you are currently subscribed to; what you are entitled to, and to what extent these are **correctly configured** and deployed.

Roadmap

Book your FREE Half Day Workshop right now by simply calling +44 (0) 1223 834333 or emailing info@softwerx.com

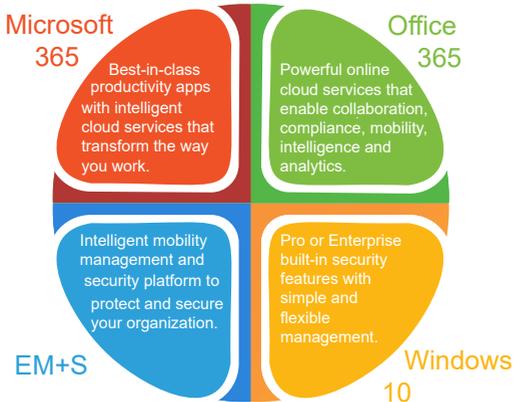

⚠ The Challenge

- Microsoft subscription plans constantly change.
- New features and benefits are added on a weekly basis.
- Staying ahead of the curve is a full-time job.
- It's quite possible to miss opportunities to improve productivity and security.
- It's quite possible to spend unnecessarily on third-party solutions.

✔ The Solution

- Softwerx is a leading authority on Microsoft cloud security, compliance and productivity.
- For twenty years our core business has been Microsoft technology and infrastructure.
- We've helped hundreds of business better understand and better leverage their Microsoft investment.
- We can help you build a clear roadmap to increase productivity and security – and avoid unnecessary spending.

What You'll Discover
